

Street Names

Suggested use:

This is a table for rapidly generating a handful of interesting street names for any city or town. These names suggest something about the street's current or past purpose or destination.

To quickly generate a town or city district:

- [1] Choose a central landmark such as a market square, palace, temple, town square, university, etc.
- [2] Then roll or choose 2-6 street names.
- [3] Sketch out these streets, leading away from your central landmark to other parts of the town or city.
- [4] Fill in some details.
